

AHMED LOTFY

Architecture · Project Management · Delivery

Hamburg, Germany | Lotfy.ahmed@gmx.de
ahmedlotfy.studio | linkedin.com/in/ahmedlotfy-/

Open to opportunities as Project Director, Senior Project Manager, Programme Manager or Head of Project Management, as well as senior roles in Project Controls and Design & Construction Management.

Architect and PMP-certified project professional with experience across architecture, building construction and infrastructure in Germany and Kuwait. Combines design coordination, station project management and project controls to connect technical decisions, planning interfaces and delivery.

CORE EXPERTISE

Project management and delivery | Design coordination | Schedule and risk management | Project controls | Multidisciplinary collaboration | Construction preparation

PROFESSIONAL EXPERIENCE

DB InfraGO | November 2025 - present

Senior Project Controls Specialist

- Coordinate schedules, risks and planning interfaces for the German Fehmarnbelt rail connection, focusing on Lübeck and PFA 1.1 and 1.2. Bring planning inputs, project reporting and construction preparation together to make dependencies and emerging issues visible.

PwC Germany | March 2024 - October 2025

Senior Associate · Capital Projects & Infrastructure

- Aligned technical, commercial and PMO inputs for SuedLink Süd 01, section C2, lot 4, and facilitated project workshops. Maintained cost calculations and baselines; contributed to performance reports and forecasts using RIB iTWO, Power BI and earned value methods.

HOCHBAHN U5 Projekt GmbH | November 2023 - February 2024

Project Lead · Architecture & Stations

- Led architectural design review and construction preparation within the assigned U5 East scope, particularly City Nord. Reviewed detailed station design, clarified planning questions with teams and external designers, and produced a construction-preparation document.

DB Station&Service | April 2022 - October 2023

Construction Project Manager

- Managed passenger-station assignments through planning, procurement and construction. Coordinated participants and monitored schedules, costs, quality and risks across Bad Oldesloe, Lübeck-Moisling, Müssen and Sierksdorf, including construction-supervision tasks on assigned works.

AHMED LOTFY

Architecture · Project Management · Delivery

ARCHITECTURE AND EARLIER PRACTICE

Gibbins Architekten | November 2021 - April 2022

Architect · BIM & detailed design

- Developed BIM models and construction documentation for BaseCamp, Rathenauhallen in Berlin, within the practice's HOAI service phase 5 scope.

Prasch Buken Partner Architekten | October 2018 - October 2021

Student employee / Architect

- Worked on architectural design, BIM, coordinated details and competition proposals for hotel, office and mixed-use projects. Moved from student employment into an architectural role in October 2019.

Alghanim International | 2014 - 2016 (project period)

Architectural Engineer

- Produced architectural construction drawings and coordinated material approvals, procurement and site information for assigned packages at the Sheikh Abdullah Al Salem Cultural Centre.

Earlier practice: Al-Nabhan, Kuwait (July-December 2013); architecture internships at Khatib & Alami, Cairo (1 August-22 September 2012), and Space Consultants / Space Studio, Cairo (July-September 2011).

EDUCATION

HafenCity University Hamburg

Master of Science · Resource Efficiency in Architecture and Planning (REAP)

2017-2019 | Hamburg, Germany | Study period

Research and academic work within university modules: October 2017-March 2018.

Mansoura University

Bachelor's degree · Architectural Engineering

2008-2012 | Mansoura, Egypt | Study period

CREDENTIALS AND PROFESSIONAL DEVELOPMENT

PMP® - Project Management Professional | Project Management Institute

Certified 9 June 2025; valid until 9 June 2028.

Member of the Hamburg Chamber of Architects.

Selected training: PMO fundamentals, setup and service portfolio (DB Training, August 2026); facilitation and group dynamics (DB Training, June 2026); schedule, cost and risk management; iTWO; construction contract law.
